Title: [Review] Apacer SDXC UHS-1 Class 10 64GB Silver Award

Date: August, 2013

Summary:

Apacer SDXC UHS-1 Class 10 is the world's fastest high-capacity Ultra High Speed microSDXC 64GB memory card with the latest UHS-1 interface and SDA 3.0 memory card standard. It provides up to 30MB/s UHS ultra-high transmission speed for high-end mobile devices, such as advanced smartphones, tablet PCs, event data recorders, etc. You may easily store 1080p Full HD videos, 3D games, digital music/photos, apps and other multimedia files.

Overall, Apacer Ultra High Speed microSDXC 64GB memory card perfectly meets the demands of HD audio-visual transmission with its lightning-fast speed and super-large capacity. It also providing users with the impeccable, uncompressed high-definition audio-visual experience. Boosting fast transfer speed and huge storage capacity, it is ideal for either current or future mobile devices.
