

MagSafe-compatible Expand Storage Easily

AS725 USB 3.2 Gen 2 USB-C Magnetic Portable SSD

Compatible with MagSafe, Optimized for Mobile Video Recording

In the audio-visual era, the demand for storage space is becoming increasingly large. AS725 attaches magnetically to mobile phones for easy capacity expansion.

With Apple's iPhone 15 Pro or Pro Max (256GB or higher), the transmission speed can reach up to 10Gbps*, allowing for immediate recording and saving of video and audio files to the AS725 when using ProRes** function.

* For optimal camera performance, please avoid using accessories containing magnets or magnetized metals near the rear camera of your iPhone.
** Apple, iPhone, MagSafe and ProRes are trademarks of Apple Inc., registered in the U.S. and other countries and regions.

Light, Thin and Compact

AS725, with a thickness of only 1.05 cm and weighing just 52g, features a stylish and matte black circular design with a hanging lanyard style. Its compact size makes it easy to carry around.

10Gbps High-speed Transmission for Faster Data Transfers

The USB 3.2 Gen 2 transmission interface has a read/write speed of up to 1,000 MB/s. Its USB-C interface is compatible with various devices, including smartphones, laptops, and desktop computers, making it easy to access and transfer data.

Tough Enough to Meet Military Standards

AS725 has passed the U.S. military regulation MIL-STD-810G 516.6 Procedure IV (Transit Drop Test). Even if it is dropped from a height of 1.22 meters, data will not be damaged in any way. This provides the best protection and operational efficiency.

Choose Your Capacity – Up to 2TB

AS725 is available in four capacities from 256GB to 2TB, which is suitable for users who carry large files, high-definition videos and photos with them. Now users can create additional customized storage space according to their own needs.

Features

- Compatible with MagSafe, optimized for mobile video recording
- Attaches magnetically to mobile phones for easy capacity expansion
- Capacity is up to 2TB, but it weighs only 52 grams, making it lightweight, compact, and easy to carry
- USB 3.2 Gen 2 interface, read and write speeds can reach up to 1,000 MB/s
- Passed 1.2m military-grade drop test

Specifications

- Model : AS725
- Color : Black
- Capacity : 256GB/512GB/1TB/2TB
- Material : Aluminum alloys+Silicone
- Interface : USB 3.2 Gen 2/USB-C and backward compatible with USB 2.0
- NAND Flash : 3D NAND
- System Supported : Windows 11/10, Mac OS 10.6.X or above, Linux Kernel 2.6.X or above, Chrome OS
- Sequential Read/Write Performance* : Up to 1,000 MB/s
- Standard Operating Temperature : 0°C~+70°C
- Accessory : USB-C to USB-C Cable
- Dimension : 63 x 10.5 mm (±0.20mm)
- Weight : 52g
- Certificate : CE, FCC, BSMI, VCCI, UKCA
- Warranty : 3 Years

*The performance may vary due to host hardware, software, usage and storage capacity
