Proposal 3

Proposal: To discuss the proposal to issue restricted stock award shares for employees in 2025. (Submitted by the Board of Directors)

Description:

In order to reward employees with excellent performance and retain key talents, and link their rewards to shareholders' interest and ESG (Environmental, Social and Governance) outcomes, the Company plans to issue restricted stock award shares for employees in accordance with relevant laws and regulations. The main points of the issuance are as follows:

(I) Issue amount

TWD 14,850,000 at a par value of TWD 10 per share, with a total of 1,485,000 common shares.

(II) Period of issuance

The shares may, depending on the actual needs, be issued on a one-time basis or in series within one year upon notice from the competent authority indicating that registration has become effective. The actual date of issuance of the new shares will be set by the Chairman as authorized by the Board of Directors.

- (III) Employee eligibility and number of distributable shares
 - 1. Eligible employees under this reward plan shall be all full-time employee of the Company and any subsidiaries providing services who is on the job on the date he/she is granted restricted stock award shares.
 - 2. The actual amount of distributable restricted stock award shares received will be based on the standards of seniority, job level, job performance, overall contribution, and other reference factors needed for management. The standards will take into account the operational needs and business development strategy of the Company, and will be subject to approval by the Chairman and reported to the Board of Directors for consent. Any employee who is a director or holds a managerial position shall be subject to approval by the Remuneration Committee in advance; other employees shall be subject to approval by the Audit Committee and reported to the Board of Directors for approval prior to issuance.
 - 3. Where the Company issues employee stock warrants under Article 56-1, Paragraph 1 of the Regulations Governing the Offering and Issuance of Securities by Securities Issuers, the cumulative number of shares subscribable by a single warrant holder of the restricted stock award shares for employees shall, in total, not exceed 0.3 percent of the Company's total issued shares. And the above in combination with the cumulative number of shares subscribable by the single warrant holder of employee stock warrants issued by the Company according to Article 56, Paragraph 1 thereunder shall not exceed 1 percent of the issuer's total issued shares. However, with special approval from the central competent authority of the relevant industry, the total number of employee stock warrants and new restricted employee shares obtained by a single employee may be exempted from the above-mentioned restriction.

(IV) Conditions for issuance:

- 1. Issue price: Issuance as bonus
- 2. Type(s) of shares issued: New common shares
- 3. Vesting conditions:

After being allocated restricted stock award shares, employees must meet the following conditions to become vested:

- (1) Still employed and providing labor services at the expiration date of each vested period
- (2) No violation of any contract signed with the Company or the Company's work rules during the vested period.

- (3) Achieve the company performance indicators and employee performance indicators set by the Company, with the ESG results as the positive and negative adjustment criteria; meeting the requirements of service years is required. For more information about the indicators, refer to the applicable Rules Governing the Issuance of Restricted Stock Award Shares for Employees.
- 4. If an employee fails to meet the vesting conditions, the Company will recover his/her shares without considerations and cancel these shares. In case of exceptions, the Company will act in accordance with the applicable Rules Governing the Issuance of Restricted Stock Award Shares for Employees.
- (V) Expensable amounts, their dilution of the Company's EPS and other matters concerning the interest of shareholders:

The RSA issued are calculated by the maximum of 1,485,000 shares, and the closing price of TWD 49.00 on February 11, 2025 is used as the fair value on the payment date of March 2026:

1. Expensable amount:

Based on the closing price of TWD 49.00 for the Company's common shares on February 11, 2025, the distributable amounts allocated annually are estimated to be TWD 45,478,000, TWD 24,255,000 and TWD 3,032,000 for 2026, 2027 and 2028 respectively, totaling TWD 72,765,000.

2. Dilution of EPS and other matters concerning the interest of shareholders:

Based on the 128,729,266 outstanding shares of the Company on February 11, 2025, the impacts on EPS are estimated to be TWD 0.28, TWD 0.15 and TWD 0.02 for 2026, 2027 and 2028 respectively. The possible dilution of the Company's earnings per share is limited, so there is no significant impact on shareholders' equity.

- (VI) The restricted stock award shares issued by the Company may be placed under custodial trust.
- (VII) The details regarding implementation will be subject to the "Rules Governing the Issuance of Restricted Stock Award Shares for Employees in 2025" of the Company. See Attachment VI, pages 46-51.
- (VIII) If the applicable Rules Governing the Issuance of Restricted Stock Award Shares for Employees and their conditions need to be revised in the future due to the review requirements of the competent authorities, the Chairman is authorized to perform the revision, and this shall then be reported to the Board of Directors for ratification before the issuance.

(IX) This proposal is submitted for discussion

Resolution: The number of voting rights of shareholders present when voting on this proposal was 94,205,646 (including the number of voting rights exercised by electronic voting: 60,520,961 rights), the voting result is as follows:

| Number of voting rights | Percentage of the total rights represented by the shareholders present (%) |
|--|--|
| 92,764,161 (including 59,090,151 exercised by electronic voting) for the proposal | 98.47% |
| 38,311 (including 38,311 exercised by electronic voting) against the proposal | 0.04% |
| 1,403,174 abstaining/non-voting (including 1,392,499 exercised by electronic voting) | 1.49% |

The proposal was adopted without revision after voting.

III. Extempore Motions

Shareholder Account No. 1299 made a statement:

Mr. Morris Chang once said, ceasing innovation leads to death. I believe that top management should have a profound understanding of this. However, as a listed company, we must deliver achievements and fulfill our social responsibilities.

Chairman: Thanks to all shareholders for your encouragement. The Company has maintained its core values since its inception. We trust in and innovate for our brand, which boils down to two principles: delivering on promises and striving for excellence. We hope that our upstream and downstream customers and vendors will join us in this commitment. This is the innovation we emphasize and the fundamental value we uphold. The new General Manager is active in planning the layout of our global operations in various regions. We anticipate significant breakthroughs in the near future. We also look forward to sustainable operations and continuous creation of value, and sharing benefits with all our stakeholders.

IV. Adjournment (time: 9:31 a.m.)

(The minutes of the Annual Shareholders' Meeting only contain the main points of the meeting. More detailed content is included in the video and audio recordings of the meeting.)

Attachment I

Apacer Technology Inc. 2024 Business Report

Dear Shareholders:

Looking back to 2024, the global economy was facing many challenges during the recovery process, and political factors had a significant impact on the economic situation. In view of the global market, inflation and geopolitical conflicts continued to undermine the supply chain and increased the cost of business operation. The political turmoil in some countries, the U.S. Fed's interest rate cuts and the U.S. dollar's volatility have all made the global trade market extremely volatile, which in turn affected the recovery of individual markets or product demands, and forced enterprises to reduce procurement scale or defer their needs. Therefore, although the market for memory products has boomed in the second half of the year, customers' reducing needs in the industrial control field resulted in falling profits for the whole year.

The 2024 operating revenue of the Group was TWD 7.84 billion; the gross operating profit of the Group was TWD 1.30 billion; the consolidated net profit after tax was TWD 290 million and the earnings per share after tax was TWD 2.18. The following is an outline of the operating performance as well as operation and research results in FY 2024 and the operational plan for FY 2024:

I. Consolidated operating performance in 2024:

Unit: TWD 1,000

| Item | 2024 | 2023 | Gain (Loss) |
|--|-----------|-----------|-------------|
| Group's operating revenue | 7,837,159 | 7,631,446 | 205,713 |
| Group's gross operating profit | 1,301,205 | 1,778,642 | (477,437) |
| Group's net operating profit | 306,911 | 710,534 | (403,623) |
| Group's net non-operating revenue | 42,101 | 37,855 | 4,246 |
| Group's net profit after tax | 291,950 | 604,712 | (312,762) |
| Attributable to owners of the parent company | 278,956 | 553,046 | (274,090) |
| Attributable to non-controlling interests | 12,994 | 51,666 | (38,672) |
| Earnings per share after tax (TWD) | 2.18 | 4.51 | (2.33) |

II. 2024 operation and research results:

The recognitions for the Company's operation and brand are summarized as follows:

- 1. The Company was recognized by the 10th Corporate Governance Appraisal and ranks in the top 5% of companies with a market value between NT\$5 billion and NT\$10 billion.
- 2. Apacer's technology products have won the EE Awards Asia Product Award for three consecutive years.
- 3. The Company was shortlisted for the Best Global Brands of Taiwan.
- 4. Again, we won the "Golden Award" under the "Corporate Sustainability Report of TCSA" category for seven consecutive years.
- 5. The Company was awarded the CommonWealth Talent Sustainability Award.

In terms of research and development, we were constantly dedicated to developing product solutions and technologies that meet market needs. As of the end of 2024, Apacer has received or filed a total of 235 patents and applications in Taiwan and other countries. For the security of the embedded system, the Company developed the Write Once Read Many (WORM) technology; launched dedicated CAMM2 and DDR5 UDIMMs and SODIMMs designed for AI PCs; continued to refine technologies such as CoreRescue and CoreSnapshot Series which are designed for data protection; and, in consideration of various applications, launched a variety of products that meet military vibration and impact certification standards. In addition, the overall performance of the smart IoT solutions was excellent, covering diverse solutions such as ESG energy/environmental monitoring management, active smart disaster prevention system and smart mobility testing equipment. Many customers recognized the one-stop service of the automatic inspection from software development, mechanism design and assembly to production line integration.

In 2024, we continued to participate in local community's care activities and subscribe for the coffee produced by coffee farmers in the friendly environment of Gukeng. In order to contribute to the preservation of traditional culture, we have sponsored photographers to capture and record the beauty of traditional art for many years. In addition to participating in the activities of the OneSong Orchestra to promote Taiwanese classical music, we raised funds for improvement of medical care in remote areas in response to the invitation of the South-Link Medical Foundation.

III. 2025 business plan:

(I) Operational strategy

Uphold the "Access the best" brand spirit and continue to promote the four major operational thrusts: focus on key areas, deployment of future technologies, executing digital transformation, and formation of alliances with strategic partners to develop the brand's sustainable competitiveness. Realize the vision of becoming a leader in the integration of technology-based information services with digital storage at the core.

(II) Development strategies

The focus of the Company's annual development strategy is "refining industrial control" and "expanding opportunities for sales channels." The main focus of the industrial control products is applications in the fields of IoT, server, network communication, and national defense solidification. The focus in the consumer product field is enhancement and expansion of specific regional consumer channels to increase the market share. In addition, we will continue to work with strategic partners to deploy high value-added products and applications and maintain and deepen cooperation connections.

(III) Core policies on production and sale

We make use of our competitive advantages in the comprehensive supply chain management and high-efficiency digitalized operations to ensure that we will satisfy the needs of customers for a stable supply in spite of market fluctuation, and keep flexible in the adjustment of our production resources.

In terms of sales, we will develop key applications and customers with customized products and value-added technologies, actively increase the number of European and American consumer channels with high-end storage products while optimizing the marketing benefits of the Group by increasing the exposure on social media and implementing comprehensive marketing data management with the hope of creating synergistic benefits and achieve our annual goals through the triple strategy of products,

business and marketing.

Looking ahead to 2025, the overall market and the political and economic situation are full of uncertainties. We will implement the annual business plan based on the brand's core value of "good partnership" under "Act on What We Say, Persist in Better Results, Develop Together with Partners" to improve the operating performance and pursue the ESG goals continuously. We hope to share our results with all stakeholders, including shareholders and strategic partners, and strive for excellence together.

Audit Committee's Review Report

The Board of Directors drafted the business report, financial statements and proposal on profit distribution for FY 2024. An audit report for the financial statements was prepared jointly by Jason Yin and Steven Shih, certified public accountants (CPAs) of KPMG Taiwan. The review of the business report, financial statements and proposal on profit distribution above did not find any inconsistencies. The review report is thus presented for further examination pursuant to Article 14-4 of the Securities and Exchange Act and Article 219 of the Company Act.

Attachment III

Independent Auditors' Report

To the Board of Directors of Apacer Technology Inc.:

Opinion

We have audited the consolidated financial statements of Apacer Technology Inc. and its subsidiaries (the "Group"), which comprise the consolidated balance sheets as of December 31, 2024 and 2023, the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IAS"), interpretations developed by the International Financial Reporting Interpretations committee ("IFRIC") or the former standing Interpretations committee ("SIC") endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the Group' consolidated financial statements for the year ended December 31, 2024 are stated as follows:

1. Valuation of inventories

Please refer to notes 4(h), 5(a) and 6(e) for the accounting policy on inventories, "Critical accounting judgments and key sources of estimation uncertainty" for estimation uncertainty of inventory valuation, and "Inventories" for the related disclosures, respectively, of the notes to consolidated financial statements.

Description of key audit matter:

The Group's inventories are measured at the lower of cost and net realizable value. Management is required to make judgments and estimates in determining the net realizable value of inventories on the reporting date. The market prices of the Group's main raw materials, constituting the majority amount of product cost, fluctuate rapidly and the life cycle of certain products of the Group are short, which could possibly result in a price decline and obsolescence of inventories, wherein the inventories cost may exceed its net realizable value, as the Group fails to timely respond to market changes. Therefore, the valuation of inventories has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matters above, our principal audit procedures included obtaining and understanding the Group's accounting policy of valuation of inventories, performing a retrospective test to evaluate the reasonableness of the accounting policy of valuation of inventories; as well as performing a sample test of the estimated selling price provided by Management to assess the reasonableness of the net realizable value and allowance for inventory valuation loss.

2. Assessment of impairment of goodwill

Please refer to notes 4(m), 5(b) and 6(j) for the accounting policy on impairment of non-financial assets, "Critical accounting judgments and key sources of estimation uncertainty" for estimation uncertainty of impairment of goodwill, and "Impairment test on Goodwill" for the related disclosures, respectively, of the notes to consolidated financial statements.

Description of key audit matter:

Goodwill arising from business combination is subject to impairment test annually or at the time there are indications that goodwill may have been impaired. The assessment of the recoverable amount of the cash-generating unit of goodwill involves management's judgment and estimation. Accordingly, the assessment of impairment of goodwill has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included obtaining the assessment of goodwill impairment provided by the management; assessing the appropriateness of the estimation base and key assumptions, including the discount rate, expected sales growth rate and future cash flow projections, used by the management in measuring the recoverable amount; performing a sensitivity analysis of key assumptions and results; and assessing the adequacy of the Group's disclosures with respect to the related information.

Other Matter

Apacer Technology Inc. has prepared its parent-company-only financial statements as of and for the years ended December 31, 2024 and 2023, on which we have issued an unmodified audit opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRSs, IASs, IFRIC, SIC endorsed an issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercised professional judgment and professional skepticism throughout the audit. We also:

- 1. Identified and assessed the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluated the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. Obtained sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remained solely responsible for our audit opinion.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit.

We also provided those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2024 and are therefore the key audit matters. We described these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Yuan-Sheng Yin and Wei-Ming Shih.

Independent Auditors' Report

To the Board of Directors of Apacer Technology Inc.:

Opinion

We have audited the parent-company-only financial statements of Apacer Technology Inc. (the "Company"), which comprise the parent-company-only balance sheets as of December 31, 2024 and 2023, the parent-company-only statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the parent-company-only financial statements, including a summary of material accounting policies.

In our opinion, the accompanying parent-company-only financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2024 and 2023, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Parent-Company-Only Financial Statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent-company-only financial statements of the current period. These matters were addressed in the context of our audit of parent-company-only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the Company's parent-company-only financial statements for the year ended December 31, 2024 are stated as follows:

1. Valuation of inventories

Please refer to notes 4(g), 5(a) and 6(e) for the accounting policy on inventories, "Critical accounting judgments and key sources of estimation uncertainty" for estimation uncertainty of inventory valuation, and "Inventories" for the related disclosures, respectively, of the notes to parent-company-only financial statements.

Description of key audit matter:

The Company's inventories are measured at the lower of cost and net realizable value. Management is required to make judgments and estimates in determining the net realizable value of inventories on the reporting date. The market prices of main raw materials of the Company, constituting the majority amount of product cost, fluctuate rapidly and the life cycle of certain products of the Company are short, which could possibly result in a price decline and obsolescence of inventories, wherein the inventories cost may exceed its net realizable value, as the Company fails to timely respond to market changes. Therefore, the valuation of inventories has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matters above, our principal audit procedures included obtaining and understanding the Company's accounting policy of valuation of inventories, performing a retrospective test to evaluate the reasonableness of the accounting policy of valuation of inventories; as well as performing a sample test of the estimated selling price provided by Management to assess the reasonableness of the net realizable value and allowance for inventory valuation loss.

2. Assessment of impairment of goodwill from investments in subsidiaries

Please refer to notes 4(m), 5(b) and 6(f) for the accounting policy on impairment of non-financial assets, "Critical accounting judgments and key sources of estimation uncertainty" for estimation uncertainty of impairment of goodwill, and "Impairment test on Goodwill" for the related disclosures, respectively, of the notes to parent-company-only financial statements.

Description of key audit matter:

Goodwill arising from acquisition of subsidiaries, which are included in the carrying amount of investments accounted for using equity method, is subject to impairment test annually or at the time there are indications that goodwill may have been impaired. The assessment of the recoverable amount of the cash-generating unit of goodwill involves management's judgment and estimation. Accordingly, the assessment of impairment of goodwill has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included obtaining the assessment of goodwill impairment provided by the management; assessing the appropriateness of the estimation base and key assumptions, including the discount rate, expected sales growth rate and future cash flow projections, used by the management in measuring the recoverable amount; performing a sensitivity analysis of key assumptions and results; and assessing the adequacy of the Company's disclosures with respect to the related information.

Responsibilities of Management and Those Charged with Governance for the Parent-Company-Only Financial Statements

Management is responsible for the preparation and fair presentation of the parent-company-only financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of parent-company-only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent-company-only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Parent-Company-Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent-company-only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent-company-only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

- 1. Identified and assessed the risks of material misstatement of the parent-company-only financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent-company-only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluated the overall presentation, structure and content of the parent-company-only financial statements, including the disclosures, and whether the parent-company-only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. Obtained sufficient and appropriate audit evidence regarding the financial information of the investees accounted for using equity method to express an opinion on the parent-company-only financial statements. We are responsible for the direction, supervision and performance of the audit. We remained solely responsible for our audit opinion.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit.

We also provided those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of the parent-company-only financial statements for the year ended December 31, 2024 and are therefore the key audit matters. We described these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Yuan-Sheng Yin and Wei-Ming Shih.

 - 12. To decide disposal or purchase of important assets, systems, and regulations; and
 - 13. Other powers granted at any shareholders' meeting or in accordance with laws and regulations.
- Article 15: Where the chairman of the board of directors is on leave or cannot exercise his powers or perform his duties for any reason, an acting chairman shall be designated in accordance with Article 208 of the Company Act. Where a director is unable to attend the meeting of the board of directors personally for whatever reasons, he/she may appoint another director as his proxy to attend the meeting by issuing a letter of attorney. Each director may act as a proxy for only one director.
- Article 16: Unless otherwise provided for in the Company Act, resolutions at the meeting of the board of directors shall be adopted by one-half of the directors at a meeting at which one-half of the directors are present.
- Article 16-1: The board of directors is authorized to determine the compensation recommended by the Remuneration Committee for the director with reference to the extent of his/her involvement in

and value of his/her contribution to the operation of the Company and the standards of the industry in Taiwan and overseas no matter whether the Company has profits or losses.

Where there is any profit in a fiscal year, no more than 1.4% of the profit shall be appropriated as remuneration to directors. Where the Company has any accumulated loss, the remuneration must be appropriated from the balance after such accumulated loss has been covered. The criteria for allocation of the remuneration must be recommended by the Remuneration Committee to the Board of Directors for approval.

Chapter V - Managerial Officers

Article 17: The Company may have a number of managerial officers. Their appointment, dismissal and remuneration shall be subject to Article 29 of the Company Act. The managerial officers have the right to manage the affairs of and sign for the Company within their respective authority.

Chapter VI - Accounting

- Article 18: The board of directors shall prepare the (1) business report; (2) financial report; and (3) profit allocation or loss make-up proposal at the end of each fiscal year and submit them to the shareholders' meeting for approval.
- Article 19: As the prosperity and development trend of the industry to which the Company belongs change, the Company adopts a balanced dividend policy depending on the yearly surplus and overall external environment as well as relevant laws and regulations, long-term development plans of the Company, and healthy financial structures. Where any cash dividend shall be distributed, it shall occupy at least ten percent (10%) of all the dividends of the current year.
- Article 20: Where there is profit in any fiscal year, four percent (4%) or more of the profit shall be appropriated as remuneration for employees. Where the Company has any accumulated loss, the remuneration must be appropriated from the balance after such accumulated loss has been covered.

More than 5% of the employee remuneration amount referred to in the preceding paragraph shall be appropriated for the distribution of employees' remuneration for the lowest-level employees. Employees' remuneration may be distributed in the form of cash or stock, and employees eligible for the distribution may include the employees of the affiliated companies who meet the requirements specified by the Board of Directors.

Article 21: The earnings of the Company, if any, in the total final account at the end of any fiscal year shall be used to pay all relevant taxes and make up the losses of the previous years. The Company shall then set aside 10% of the said earnings as a legal reserve, unless such legal reserve amounts to the total authorized capital of the Company. Thereafter, the Company shall set aside or reverse a special reserve in accordance with applicable laws and regulations or any instructions of the competent authority. The remainder of the reserve together with the earnings of the previous years that have not been distributed may be allocated to shareholders as dividends. Where dividends and bonuses are distributed by issuing new shares, the distribution shall be subjected to the resolution of the shareholders' meeting; where dividends and bonuses are distributed in cash, the distribution shall be subject to a resolution made by a majority of directors at a meeting at which more than two-thirds of the directors are present, and shall be reported to the shareholders' meeting. The Company shall not distribute dividends or bonuses when there is no profit, unless the distribution is made with the reserves pursuant to relevant laws and regulations.

Article 22: The Company may provide endorsements or guarantees externally in relation to its business or investment.

Rules Governing the Issuance of Restricted Stock Award Shares for Employees in 2025

Article 1: Purpose of issuance

In order to reward employees with excellent performance and retain key talents, and link their rewards to shareholders' interest and ESG (Environmental, Social and Governance) outcomes, the Company revises and releases this Rules Governing the Issuance of Restricted Stock Award Shares for Employees in 2025 (hereinafter referred to as the Rules) in accordance with Article 267 of the Company Act and the "Regulations Governing the Offering and Issuance of Securities by Securities Issuers" (hereinafter referred to as the Regulations) issued by the Financial Supervisory Commission.

Article 2: Period of issuance

Period of issue: The shares may, depending on the actual needs, be issued on a one-time basis or in series within one year following the arrival of notice from the competent authority indicating that registration has become effective. The actual date of issuance of the new shares will be set by the Chairman as authorized by the Board of Directors.

Article 3: Employee eligibility and number of distributable shares

Eligible employees under this reward plan shall be all full-time employee of the Company and any subsidiaries providing services who is on the job on the date he/she is granted restricted stock award shares.

- (I) The actual amount of distributable restricted stock award shares received will be based on the standards of seniority, job level, job performance, overall contribution, and other reference factors needed for management. The standards will take into account the operational needs and business development strategy of the Company, and will be subject to approval by the Chairman and reported to the Board of Directors for consent. Any employee who is a director or holds a managerial position shall be subject to approval by the Remuneration Committee in advance; other employees shall be subject to approval by the Audit Committee and reported to the Board of Directors for approval prior to issuance.
- (II) Where the Company issues employee stock warrants under Article 56-1, Paragraph 1 of the Regulations Governing the Offering and Issuance of Securities by Securities Issuers, the cumulative number of shares subscribable by a single warrant holder of the restricted stock award shares for employees shall, in total, not exceed 0.3 percent of the Company's total issued shares. And the above in combination with the cumulative number of shares subscribable by the single warrant holder of employee stock warrants issued by the Company according to Article 56, Paragraph 1 thereunder shall not exceed 1 percent of the issuer's total issued shares.

However, with special approval from the central competent authority of the relevant industry, the total number of employee stock warrants and new restricted employee shares obtained by a single employee may be exempted from the above-mentioned restriction.

Article 4: Issue amount

TWD 14,850,000 at a par value of TWD 10 per share, with a total of 1,485,000 common shares.

Article 5: Vesting conditions for restricted stock award shares for employees and restriction on the rights of shares

- (I) Issue price: Issuance as bonus
- (II) Type(s) of shares issued: New common shares
- (III) Vesting conditions:

After being allocated restricted stock award shares, employees must meet the following conditions to become vested:

- 1. Still employed and providing labor services at the expiration date of each vested period.
- 2. No violation of any contract signed with the Company or the Company's work rules during the vested period.
- 3. Achieve the company performance indicators and employee performance indicators set by the Company,
 - (1) Company performance indicators

Based on the 2024 consolidated financial statements audited and certified by the CPAs, the Company's earnings per share (EPS) shall meet any of the following conditions:

| Based on the earnings per share in 2024 | | | | |
|---|----------------------------|--|--|--|
| Company performance indicators | Number of shares allocated | | | |
| 150% achieved | 1,350,000 shares allocated | | | |
| 140% achieved | 1,260,000 shares allocated | | | |
| 130% achieved | 1,170,000 shares allocated | | | |
| 120% achieved | 1,080,000 shares allocated | | | |
| 110% achieved | 990,000 shares allocated | | | |
| 100% achieved | 900,000 shares allocated | | | |

(2) Employee performance indicators

The personal and job performance of any employee who has been granted restricted stock award shares shall fulfill the personal performance criteria set by the Company during the period until expiry of the vesting period. Failure to fulfill the personal performance criteria will be deemed as non-fulfillment of the vesting conditions.

(3) ESG outcomes

The Company sets the maximum number of shares that can be vested each year to 110% (i.e. the total number of shares issued under this Rules is 1,485,000). 100% of them is calculated as shares that can be vested based on the company performance indicators, and then the Remuneration Committee evaluates the Company's ESG performance as an adjustment item and adjusts the number of shares that can be vested within the range of plus or minus 10%. (The calculation is conducted up to 1 share. Those less than 1 share shall be canceled unconditionally).

4. Years of service

After achievement of the company and employee performance, the maximum percentages of shares that can be vested for the year are as follows:

(1) For any full-time employee still in service who has served for at least one year following the date of a share award and remains on the job, and has not violated the employment contract, work rules or requirements of the Company, the calculation will be based on 50% of the number of distributable shares.

- (2) For any full-time employee still in service who has served for at least two years following the date of a share award and remains on the job, and has not violated the employment contract, work rules or requirements of the Company, calculation will be based on 50% of the number of distributable shares.
- (IV) In the event that an employee fails to meet the vested conditions or is in any of the following circumstances, the Company shall handle the matter as follows:
 - 1. If an employee fails to meet the vested conditions set forth in Paragraph (III) of this Article, the Company will recall the shares without consideration and write off the same.
 - 2. Voluntary resignation, involuntary resignation

For restricted stock award shares for employees that have not been vested, the employee shall be deemed to have failed to meet the vesting conditions from the effective date of resignation. The Company will recall the shares without consideration and write off the same.

3. Leave without pay

The rights and obligations of the restricted stock award shares for employees not yet vested shall not be affected.
